ATHARV SHUKLA

PROFESSIONAL SUMMARY

Hello there, this is Atharv Shukla ! highly passionate about technology, startups, and total 'Gizmomaniac' having a desire to learn and explore more makes me what I am. I like to do new things and expand my knowledge with any sort of opportunity which comes my way. I am currently pursuing MCA at Reva University Bangalore. I am interested in Cloud Computing, BackEnd Development, DevOps, Cybersecurity, and Data Analysis.

EXPERIENCE

Co-Lead, 11/2021 - 12/2021
REVA HACK

- REVA HACK is a student community-based online national level hackathon for coding enthusiasts, aiming to encourage and provide a platform for students to showcase their talents and skills with the help of the latest technologies
- Co-led team Snowden made to **TOP 15 TEAMS**, where we worked on a project based on usage of Blockchain Technology and Crypto Coins.

Community Volunteer, 09/2021 - 12/2021
Google Crowdsource

- Crowdsource by Google improves products like Google Translate, Google Maps, and Google Search for your local community.
- As a contributor, my job is to help improve the quality of services such as Google Maps, Google Translate, and others, so that everybody in the world can benefit.

Intern, 05/2021 - 07/2021
Intenational MUN

- International Model United Nations (IMUN) brings youth together from around the world to learn and share ideas from a diverse set of experiences and backgrounds where the Executive Board, International Press, and International Delegates consolidate to learn about diplomacy, international relations, and the United Nations.
